

Successful Participation of thermowave / Nexson at the Big 5 Exhibition 2024

thermowave a member of Nexson Group, leading providers of heat exchangers, celebrated a successful participation at the prestigious Big 5 Exhibition held from November 26 to 29, 2024, at the Dubai World Trade Centre.

As one of the world's most prominent platforms for the construction and HVAC industries, the event allowed Thermowave to showcase its innovative technologies and sustainable solutions to a global audience.

Visitors to the thermowave / Nexson booth explored cutting-edge products such as energy-efficient plate heat exchangers designed to meet the growing demands of modern construction. Numerous professional discussions and new partnerships highlighted the success of their presence at the exhibition.

This participation reinforced thermowave's position as a trusted partner for innovative and eco-friendly thermal solutions worldwide.
